

Masao IKEDA : Study on the Reducing Reaction in MgO•CaO-Fe-Si System by X-ray Method.	(74)
Tosio IZAKI : Oh the Conditions of Formation of Speiss and Matte in Lead Smelting.	(81)
Tosio IZAKI and Koichi ARAI : On the corrosion of Aluminium immersed in neutral salt solution. Influence of anions on the cathodic reaction in neutral salt solution (part. 1)	(84)
Yasuichiro SEGAWA : On the Formation of Synthetic Marmatite.	(87)
Yasuichiro SEGAWA : On the Treatment of the Bronze Scrap by the Revolving Reverberatory Furnace.	(91)
Kikuo NAGAMOTO : One Consideration on A Problem of Thin Cylinder.	(95)
Kikuo NAGAMOTO : One Consideration on A Problem of Kinematics of Machinery.	(98)
Kazuo YOSHIKAWA : Stress of Flat Bars with Two Circular Holes of Large and Small Sizes in a Field of Pure Tension (Photoelastic Study)	(100)
Rikiti MURANAKA and Hisakimi NOTOYA : Analysis of Elastic Grinding Mechanism. ...	(104)
Fusao MIKAMI : On the Heat Transfer in Laminar Incompressible Boundary Layer on a Flat Plate with Fluid Injection or Suction.	(110)
Yoshiyuki FURUYA : Study on certain Integral Equations.	(118)
Sigeru NAGAHARA and Kisaku SAWAI : Study on Programming in the Electronic Computer II.	(122)
